CO-FOUNDER OF YAKAR

“As a fashion enthusiast with experience in Jacquard design, I found it compelling to merge these two worlds: *Fashion and the richly traditional fabrics of Valencia*. We create artisanal yet contemporary products, imbued with our unique

identity. *Architecture, interior design, and art inspire me*, as I use linear volumes to craft structured garments, always aiming for the fabric's visual clarity.” – Remarks Rosa, co-founder & creative director of YAKAR.
